Someone video tapes you doing it And you post it to facebook and you get to nominate a few people to do the same thing so it's like a chain. I'm not good when it comes to death because I've suffered some sudden deaths in my life of loved ones over the years. I like that we are friends but I feel like I can't help you when it comes to talking about his memory because I know nothing about what you guys had nor did I know him, and to be honest it wouldn't be fair to you. I needed to get this off my chest and I'm sorry if it's a lot to process but it's really not a big deal so don't worry about it!		File System (3)

Thank you for being honest and telling me. I understand why you feel that you can't help because you're absolutely right, like you didn't know him and I'm sorry for putting you in that position it wasn't right of me to do. I'm really happy you told me this and I'm also really happy that we are friends as well. If you ever want to talk about your passing loved ones I'm here for you. I can tell that it's a sensitive subject for you though so it's totally okay if you don't want to I completely understand that.
