

Biden for New Hampshire Launches NH Veterans for Biden

“Joe Biden has the experience, knowledge, and stability to keep our troops — and our country — safe” — NH Veteran Catt Sandler, U.S Army

Manchester, New Hampshire — Today, Biden for New Hampshire announced NH Veterans for Biden, including 50 veterans from across the state who are endorsing Joe Biden for President.

“As a veteran, I’ve seen firsthand the enormous impact that a president’s words have on our national security,” said **NH veteran Catt Sandler, U.S. Army**. “We need a stable leader in command of our military — one who understands the power of his words, and who will work to keep us safe at home and our forces safe abroad. Joe Biden has the experience, knowledge, and stability to keep our troops — and our country — safe.”

Supporting our veterans and military families has been a long-standing priority for Joe and Jill Biden. As Vice President, the Obama-Biden Administration oversaw a 76% increase in funding for veterans’ mental health and cut the unemployment rate for veterans by more than half. As Second Lady, Dr. Biden teamed up with First Lady Michelle Obama to launch Joining Forces, a nationwide initiative calling on all Americans to step up and make concrete commitments to support wellness and economic opportunity for our service members, veterans, and their families.

As president, Joe Biden will restore integrity and stable leadership to the Oval Office. He will repair our international relationships, responsibly address threats, and rally other countries to meet our shared challenges. And, he will always treat our service members, veterans, and military family members with the dignity and respect that they have earned.
