

STATE OF SOUTH CAROLINA  
COUNTY OF CHARLESTON

OCA: 23-0257  
WARRANT: #

## AFFIDAVIT

Personally appeared before me, a magistrate of this County, one DC Burke who, first being duly sworn, deposes and says that

**Jamie Komoroski**

did within this County and State on or about the 29<sup>th</sup> day of April, 2023, violate the criminal laws of the State of South Carolina in the following particulars:

### DESCRIPTION OF OFFENSE

**Reckless Vehicular Homicide  
56-05-2910**

On 04/28/2023 at 2216hrs, I responded to the 1200 block of E Ashley Ave in reference to a vehicle accident with injuries. Upon arrival I observed a large crash scene with a golf cart on it's side up against a grey Toyota Camry bearing Nevada Tag TUD6299. I observed multiple victims, who were laying throughout the crash site. I established command and started to relay scene information as far as number of patients ect. As I triaged all patients, I located Samantha Hutchinson who was not breathing and no pulse. I also located Garrett and Aric Hutchinson. All patients were in and out of conscious so I focused life saving measures on Samantha Hutchinson, but she was pronounced deceased on scene.

Once all medical care was rendered which was also rendered to Jamie who did not have any injuries, I switched "hats" and started the DUI investigation with the driver Jamie Komoroski. As I made contact with Jamie, I smelled an odor of alcohol coming from her breath and person. I asked Jamie if she had anything to drink and she stated that she had one beer and a drink with tequila about an hour ago. I then ask on a scale from 1 being completely sober and 10 being the most impaired, she stated she was at a 8 eight. It should be noted that she stated on scene that she was the one who was driving the listed vehicle. Officer Honeycutt overheard this as well. Also her ID was recovered from Jamie's purse which was located in the vehicle.

Based on the above facts, I requested that Jamie complete field sobriety test which she strongly refused and became uncooperative on scene. Also, when Jamie stood up, she was very unsteady on her ft and almost fell down and I had to help her stand. She was then placed in handcuffs and transported to HQ BA room by officer Honeycutt. Once I got to HQ, I started the 20 minute observation and read Jamie her implied consent rights which she was also given a copy of to read along. After the observation phase was complete, Jamie refused to provide a breath sample and her SCDL was seized and attached to the suspension form.

A warrant for two viles of blood was drafted and judge Martelle Morris came to HQ and signed the warrant. Once the warrant was signed, I transported Jamie to MUSC where a RN drew two viles of blood which was placed into a sealed biological specimen kit which will be sent to SLED in Columbia for analysis. Jamie was then medically cleared by MUSC and I transported Jamie to Charleston County jail where she was booked in under suicide watch due to her telling me in the hospital that she wanted to kill herself. MUSC stated that Jamie had no injuries.

It should be noted that staff at MUSC gave me an update and stated that two pertains that were brought in from the crash scene had critical injuries and one might not make it through the night.

Based on the above facts, I find PC to charge Jamie Komoroski with three counts of felony DUI resulting in great bodily injury and or death pursuant to SC statute 56-05-2945 (A) (2).
