Oct 11, 2024

Dear Student,

This letter informs you that Greenville Technical College (GTC) will not be offering the Emergency Medical Technology Associate in Applied Science, the Emergency Medical Technology -Paramedic Certificate in Applied Science, and the Emergency Medical Technician (EMT) programs effective October 11, 2024. This decision is pending approval by the Southern Association of Colleges and Schools Commission on College.

GTC has worked with Greenville County EMS to develop a partnership program for the Emergency Medical Technician program (basic EMT). Interested students may contact Dr. Arlene Welch at arlene.welch@gvltec.edu to learn more about the program details.

Students interested in pursuing paramedic training can contact the Upstate EMS Council, Spartanburg Community College, or Tri-County Technical College for opportunities for training. Contacts for these programs can be found here:

- Upstate EMS Council: Debbie Finley – dfinley@upstateems.com
- Spartanburg Community College: ems@sccsc.edu
- Tri-County Technical College: Ryan Nix rnix2@tctc.edu

Students may also wish to discuss other programs at GTC. Please contact your advisor to discuss other options at GTC.

As a reminder, students who do not take courses for three consecutive semesters will no longer be enrolled at Greenville Technical College.

We look forward to hearing from you soon and helping you achieve your educational goals.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Candice Lewis'.

Candice Lewis, Ed.D.
Dean, School of Health Sciences
