April 5, 2024

Dear Mr. Boswell,

This letter is a follow up to my March 8, 2024 correspondence, in which I indicated portions of Discovery Park still remained flooded.

While my staff have been working diligently to clean the park and have it open for general use, the conditions of the park remain such that it cannot withstand a large festival with heavy infrastructure in early May.

As stated previously, this event is an invaluable experience for the Sacramento region, and my staff stands ready to assist with re-scheduling the event to a mutually agreed upon weekend. Please reach out to Amber Veselka, at [veselkaa@saccounty.gov](mailto:veselkaa@saccounty.gov) to facilitate.

Should you have any questions or need additional assistance, I can be reached at [bellase@saccounty.gov](mailto:bellase@saccounty.gov)

Cordially,

Liz Bellas  
Director

CC: Supervisor Serna, District 1  
David Villanueva, County Executive  
Dave Defanti, Deputy County Executive, Community Services
