

MMRF/Ochsner Virtual Patient Summit

Join us for a FREE *virtual* Patient Summit to provide multiple myeloma patients and their families and caregivers the most up-to-date information on myeloma management from doctors and other experts in the field.

Our faculty will provide relevant and timely information on:

- The state of multiple myeloma care
- Relapsed/refractory multiple myeloma
- Precision medicine and myeloma research
- Health care disparities in multiple myeloma

Follow along with the presentations and submit your questions directly to the faculty.

Saturday, March 19, 2022

11:00 AM – 2:00 PM (ET) / 10:00 AM – 1:00 PM (CT)

Learn more and register today at TheMMRF.org/PS-March19
