Mowers Announces First Round of State Representative Endorsements

GILFORD — Today, Matt Mowers, former State Department Official and 2020 Republican Nominee for Congress in New Hampshire's First Congressional District, was honored to announce his first round of twenty supporters from the New Hampshire House of Representatives. These endorsements follow the recent announcement of the backing of four State Senators.

Matt expressed his gratitude for their support: "Our New Hampshire leaders need a real partner in Washington, D.C. to fight for our middle-class families, seniors, and veterans. That's why I am proud to have the support of the legislative leaders here in New Hampshire who work to improve the lives of all Granite Staters every day."

"I've gotten to know Matt personally over the past years and I know that he is a strong conservative who will fight back against the radical liberal agenda for New Hampshire families," said House Majority Whip, State Representative Jeanine Notter. "Matt will bring commonsense and strong values that we desperately need in Congress while delivering real results for Granite Staters. I'm proud to support his campaign."

"I proudly endorse Matt in his campaign to take back New Hampshire's voice in Congress. He will bring his lifelong conservative values to Washington, D.C. to fight for middle-class families back here in New Hampshire that have long been forgotten by Joe Biden and Chris Pappas." – State Rep. Wayne MacDonald

"Matt Mowers is the conservative fighter that we need in Congress," said State Rep. Peter Varney. "I know that Matt will be a champion of the second amendment, stand strong to secure our border and work to keep our communities safe."
