### Article I. In General

#### **Sec. 14-1. Findings of Fact.**

WHEREAS, COVID- 19, a respiratory disease that can result in serious illness or death, is caused by the SARS-CoV-2 virus, which is a new strain of coronavirus that had not been previously identified in humans and can spread from person to person; and

WHEREAS, the current scientific understanding of this virus from the U.S. Centers for Disease Control and Prevention (CDC) indicates that it spreads mainly from person to person, mainly through respiratory droplets produced when an infected person talks, coughs, or sneezes; and

WHEREAS, these respiratory droplets can land in the mouths or on noses of nearby people or can possibly be inhaled into the lungs; and

WHEREAS, spread is more likely when people are in close contact with one another (within six feet); and

WHEREAS, currently there is no vaccine, treatment, or cure for COVID-19; and

WHEREAS, the incidence of "community spread" of COVID-19 within the City of Stillwater remained consistent through June 1, 2020, peaking at 22 cumulative confirmed cases for nearly six weeks; and

WHEREAS, in accordance with Governor J. Kevin Stitt's May 30 2020 Executive Order 2020-20 and June 12, 2020 Amended Executive Order 2020-20 the City of Stillwater allowed previously declared emergency orders to expire and adopted State requirements set forth in the "Phase III" Open Up Recover Safely ("OURS") Plan (Proclamation Declaring State of Emergency, June 1, 2020 Amendment); and

WHEREAS, since that date, the incidence of positive COVID-19 tests increased from 22 cases on June 8, 2020 to 389 on July 7, 2020; and

WHEREAS, most of the active cases in Stillwater involve persons between 18-25 years of age; and

WHEREAS, the Payne County Health Department reports that contact tracing has linked much of this exposure to congregation of persons within this demographic in bars and gatherings where those attending did not exercise social and physical distancing or wear face coverings; and

WHEREAS, students and faculty will begin returning to Stillwater during July and August from throughout the United States including COVID-19 "hotspots" such as Tulsa County and the Dallas-Fort Worth Metroplex; and

WHEREAS, studies have found that mandated face coverings significantly reduce the number of infections; and

WHEREAS, the United States Center for Disease Control (CDC), Oklahoma State Department of Health (OSDH), and Stillwater Medical Center all recommend the wearing of face coverings in public settings to prevent the transmission of COVID-19 from person to person; and

WHEREAS, in response to the foregoing, Oklahoma State University Administration (OSU) has ordered that all students, faculty, employees, vendors, and visitors entering campus buildings and facilities wear face coverings throughout the Fall 2020 Semester; and

WHEREAS, the passage of an ordinance mandating the wearing of face coverings in certain public settings is necessary to protect the health and safety of Stillwater residents and together with the OSU face covering requirements will reduce the transmission of COVID-19 within the community.
