Sacramento Food Bank & Family Services

Welcome to the judgment-free zone.

As the largest nonprofit provider of basic human needs in Sacramento County, we take our mission one-step further by offering [educational opportunities](#) and [family support](#) services that allow people who seek support to shape their best tomorrow. We are a place for hope and prosperity, a place where women and men, children and elders, are offered the tools they may need—food, clothes, education, technology, or just plain kindness—as they move toward a path of financial independence and self-sufficiency. Other County Agencies:

Food Bank of Contra Costa & Solano

The Food Bank of Contra Costa and Solano has been serving the community for over 40 years. We feed approximately 190,000 people in need every month (65,000 people in Solano County and 125,000 people a month in Contra Costa County) directly at community sites and through a network of 180 charitable agencies. Last year, we distributed 20 million pounds of food – half of which was fresh produce! The Food Bank works to reduce food waste, feed hungry people, and raise public awareness of issues related to food and hunger. The work could not get done without the help of the thousands of volunteers that donate their time to coordinate food drives, sort and pack the food, and help distribute it to their hungry neighbors. Placer Food Bank

The Placer Food Bank, a 501(c)(3) non-profit organization, has been distributing food and nourishing our community since our beginning as the Community Resource Council in 1970. The organization was founded to provide services to low-income and needy individuals and families in Roseville and surrounding areas. We focused on providing a wide range of services to anyone in need. From providing help in obtaining a driver's license or social security card, to providing food or clothing. Thousands of families were touched by the services of our organization.

In 1985, the Community Resource Council began to operate as a Food Bank and our responsibilities and outreach to the hungry experienced rapid growth. In 2008 another milestone was reached, and the Community Resources Council officially became known as the Placer Food Bank. Soon after the drastic economic downturn in 2009, the need for Placer Food Bank services tripled and we found ourselves out of space at our small location, and the search for new office and warehouse space began.

We relocated to our present location in 2010, and now distribute to hunger-relief organizations in El

Dorado, Nevada and Placer Counties more than 6.9 million pounds of food each year and an average of

7.4 million pounds of food per year, over the last three years.

Placer Food Bank is a hunger-relief distribution center serving a regional network of 83 charitable feeding programs (e.g. rural food banks, food closets and pantries, shelters, congregate meal programs, churches, and schools) that feed 72,000 hungry people each month. We are the only Feeding America affiliate in the Sacramento region. From our 30,648 square foot facility in

Roseville CA., we serve over 4,000 square miles of territory in three counties (El Dorado, Nevada and Placer). Our mission is to feed the hungry, educate the community and advocate for hunger-relief. Beyond traditional food aid, we have embraced broader strategies to promote community building, economic development and sustainability along with self-reliance among our recipients. Our current programs include emergency food distribution, Mobile Food Pantry, Kids BackPack and School Pantry, Community Gardens, and CalFresh Outreach and Application Assistance. We integrate education, food safety and nutrition services into all of our programs to promote healthy eating.

Second Harvest Food Bank of San Joaquin and Stanislaus Counties

Second Harvest Food Bank Helps over 35,000 individuals in need each month in San Joaquin and Stanislaus Counties! Second Harvest Food Bank acquires and stores donated and purchased food and effectively organizes and delivers it to our partner agencies and program sites, where it is then prepared and distributed out to those in need.

We accomplish so much through our programs such as Mobile Fresh, Mobile Fresh Kids, Food Assistance, Food 4 Thought, and Senior Brown Bag. We partner with over 100 non-profit agencies, various community centers and many schools to help us distribute approximately 16 million pounds of food each year.

Inter-Faith Ministries of Greater Modesto

Interfaith Ministries, established in 1973, provides groceries equivalent to nearly 3 million meals a year to individuals and families in need through our food pantry, home bound delivery program, food bank and coalition, and our Free Mobile Farmers Market. Our Feed Modesto pantry serves healthy groceries, including an abundance of fresh produce and protein sources, allowing our clients to prepare healthy meals at home. Our home bound program provides nutritious groceries and a friendly visit to 100 homebound seniors and disabled clients each month. Through our food coalition and food bank, we provide over 80 other non-profits and congregations with food to be served in their pantries and kitchens as well. We also have a clothes closet, where our clients are able to "shop" for free clothing every month, at no cost, and the Free Mobile Farmers Market, which takes free, fresh produce into food desert neighborhoods several times a month. We are an organization founded and supported by those of many faiths, with one purpose--restoring dignity, health, and hope.

Food Bank of Nevada County

The Food Bank of Nevada County, founded in 1986, was formed by a group of concerned citizens who hoped to alleviate hunger in Nevada County. The Food Bank of Nevada County (FBNC) obtains and distributes nutritious food to people in need of food in our community. With a staff of eight paid employees and a volunteer force of around 60, FBNC provides healthy food to roughly 850 families every month.

As part of the FBNC's Children's Nutrition Program, over 11,000 healthy snacks are packed weekly for 22 schools during the school year, and nutritious lunches are delivered free of charge to children during the summer.

FBNC also collaborates with over 25 local non-profit agencies who pick up food for their clients; this extends the reach to around 6,000 more individuals per month. FBNC excludes no one in need from services; persons of all race, creed, sex, religion, age and national origin are welcome to partake in the programs. FBNC is an equal opportunity provider.
