Dear Child Care Parent:

The Department of Social Services, Community Care Licensing Division is responsible for licensing and monitoring family child care homes. Our goal is to protect the health and safety of children who are receiving child care in a family child care home. When it is determined that there is an immediate health and safety risk to children, the Department has the authority to immediately close a family child care home. This action is called a Temporary Suspension Order.

The Department has determined that there is an immediate risk to children in care at Musa Bagci's Family Child Care Home. This is to inform you that a Temporary Suspension Order is being served today at **Musa Bagci's Family Child Care Home**, license number **343625093**, located at **11154 Graeton Circle, Mather, CA 95655**. This closure will be effective **Tuesday, August 26, 2025** <u>at the close of business</u>. After that date, the facility can no longer operate as a licensed family child care home. I have attached a copy of the accusation, which explains why this is necessary.

We have arranged for Child Action Resource and Referral agency to assist you in making other child care arrangements for your child. Rissa Scott at (916) 369-2322 and Edie Guiterrez (916) 369-3395 can assist. Both individuals work for Child Action, a Resource and Referral agency and will work with you over the next few days to find alternate child care that meets your needs.

We regret any distress or inconvenience this action may have caused you or your child. However, it is necessary for the protection of children in care. If you have any questions, please contact our office at (916) 263-5744 and ask to speak with a Duty Officer or a Licensing Program Manager.

Sincerely,

Natalie Dunaway
