The United Neighborhood Centers of Milwaukee (UNCOM) is a unique resource collaborative dedicated to strengthening the lives of Milwaukee’s urban families. We work with neighborhood organizations to provide services and create opportunities that empower individuals and build strong interdependent communities. This collaboration of eight tightly affiliated neighborhood centers empowers UNCOM to combine its forces, to advocate for systematic change, serve as a trusted communication conduit for community residents, and build cases for strategic government and private investments in programs and institutions that help build strong and healthy families, accelerate prosperity, and make our city better for all residents.

Join the Safer City MKE movement and get involved. We have a busy summer planned with lots of fun activities for youth in Milwaukee. There is something for everyone. Be active. Have Fun.
