

October 6, 2022

To Whom it May Concern:

On September 27, 2022, Kings Point was damaged by an EF2 tornado. The damage was extensive, resulting in 6 buildings being condemned and numerous residents displaced.

Vesta Property Services is dedicated to this community by helping the associations and the residents return to their homes as soon as possible. Through our lending relationships, Vesta is here to offer and provide financial loan assistance if needed.

Additionally, Vesta, through our funding program, "Community Assistance Foundation", would like to offer assistance to those residents impacted directly by the tornado. As always, your dedicated County Commissioner Maria Sachs is working to try to bring federal funding to the community through FEMA.

To request program assistance, please contact Vesta Property Services, 7000 W. Atlantic Ave., Delray Beach, FL 33446.

On behalf of Vesta Property Services, we wish our residents of Kings Point a quick and speedy return to their homes.
