- Press "6" to speak to a help desk representative.
- Is staffed seven days a week from 8am to 1am Centraltime.

### Useful Websites

This is the FCC's website explaining this situation.

Here's another website with good information. It has links to a number of TV set manufacturers. <https://www.tvanswers.org/rescan.asp>

This website has a good overview for scanning.

<https://www.howtogeek.com/424853/how-to-scan-or-rescan-for-channels-on-your-tv/>

This website helps viewers identify the appropriate type of antenna to use to access available channels in their area. <https://www.antennaweb.org/>
