

Dear Rhode Island State Highway Patrol,

I lost my Roger, and I really want him back. Can you please find him? I know it's hard to wake up at night, but can you please go get him and send him back? I love him.

Roger is a cheetah. He fell out the car window on Interstate 95 South on Sunday, September 24, 2017, around West Greenwich. He is about 12 inches long.

Thank you for all your hard work, and for keeping us safer.

Sincerely,

Will Ketcher
